Wedding Presents

Cut Glass, Bric-a-Brac, Table Silverware, Fine China and Pictures

First of all the assortments are unequalled in amount and variety by any store in Virginia.

Second, the prices will average from twenty-five to thirty per cent, lower than those of specialty stores.

Visitors to Richmond, particularly people engaged in the same line of business as ourselves, invaluably say that they've never seen anything to equal these departments of our store, even in establishments of two or three times the size.

We might devote a page of this paper to the exploitation of these articles, but ten minutes examination will convey far more of their beauty to your mind than printer's ink will do.

Cut Glass and quadruple plate Silverware from the best American factories. (American workmen have no equals in work of this kind.)

China from the finest potteries of France and other countries of Europe—beautiful pieces exquisitely decorated—separate pieces, or in Dinner and Tea Sets.

Vases and other pieces of Bric-a-Brac from France, Germany, Austria and even far-off Japan. It's an education in art to look at these things, and not the least pleasing part of it is the very moderate price for each piece.

PICTURES of all kinds—Colored Photographs, Etchings.

Carbons, Pastels, Water Colors and Oil Paintings—all handsomely framed and moderate in price.

Thousands of people have visited our store this week, and have seen these art treasures. Every-

body welcome, as we're only too glad to show you

If you're in doubt as to what sort of a present to give to the October or November bride, you'll find the solution of the problem here.

What You Pay

For common beer—usually—will buy Schlitz beer, if you ask for it. The purity costs you nothing, yet it costs us more than half the cost of our brewing.

Purity means healthfulness — freedom from germs. It means a clean beer, filtered and sterilized. It means an aged beer—aged until it cannot cause biliousness.

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded
